TO WHOM IT MAY CONCERN:

Dick Brown is a citizen of the District of Columbia whom I have known for many years. He has worked in the area of education and has contributed to the educational welfare of the children of this city. As far back as 1968, when I was a member of the Board of Education, he was instrumental in helping to solve many of the problems that arose in the public schools.

I think that there is no doubt that with his vigilance and perseverance he has learned very much about the machinations of education in this city and methods of dealing with the many problems crying for solution. Mr. Brown would make an excellent member of the Board of Education.

He is knowledgeable about the entire city -- knows it well and is well known in and by its government.

I endorse Dick Brown as a candidate for Ward Six representative on the Board of Education.

Dear Ms. Greenfield:

In preparing the resolution for the City Council I drafted the enclosed statement. It occurs to me that you might find it informative and educational as a "guest editorial."

If you find the statement of sufficient interest, it might be appropriate to add the following lead paragraph:

> A year ago I knew nothing about "solid wastes" or other environmental problems affecting the District. As one of the first elected members of the City Council, I was appointed to the "Committee on Transportation and Environmental Affairs." You might be interested in sharing some of the issues and ideas which have occurred as a result of my participation on the Committee. In future years, environmental concerns will take more and more of the time and money of all of us. At this point the city is being asked to make decisions involving resource recovery. Hear are some of the things I've learned.

Sincerely,

Julius W. Hobson

HOBSON AND CLARKE TAKE ACTION TO DISCHARGE
BILL TO REPEAL FUNERAL DIRECTORS RIDER

FOR IMMEDIATE RELEASE

For Further Information, contact:
Paul "Sandy" Brown, Ext. 40

Councilmembers Julius W. Hobson (S-At Large) and David A. Clarke (D-One) today took the first steps to move to discharge from the Committee on Government Operations of the Council of the District of Columbia Bill No. 1-168 which would, if enacted, repeal the rider to the District of Columbia Boxing and Wrestling Commission act. The rider, which would have provided for morticians from other jurisdictions to be licensed in the District of Columbia regardless of courtesies afforded District of Columbia morticians in those jurisdictions, was passed as part of the Boxing and Wrestling Commission act on June 17, 1975 without the knowledge of many of the councilmembers who considered the bill to be a routine matter dealing with boxing and wrestling.

Hobson and Clarke indicated their concern that members of all professions in the District of Columbia be afforded the same courtesies in other jurisdictions as the District afforded members of those professions

here. They noted that the chairman of the District of Columbia Board of Funeral Directors and Examiners has indicated that, since the passage of the rider, over 300 inquiries have been received with respect to information regarding the procedure to secure a license under the rider.

Hobson and Clarke noted that their feelings in this regard were not limited to funeral directors but extend to all professions and Clarke emphasized his concern that members of the legal profession be accorded the same courtesies in other jurisdictions as those jurisdictions afford District of Columbia attornies but indicated that the Home Rule Act prohibits the Council from legislating to assure that end. (Section 602(a)(4) of the Home Rule Act prohibits the Council for enacting any action with respect to Title 11 of the D. C. Code, and the matter of the admission of persons to membership in the District of Columbia Bar is governed by rule of the District of Columbia Court of Appeals pursuant to Title 11, Section 2501(a) of the Code.)

Noting reports that the repeal bill had been tabled in committee out of concern as to what effect it might have in Congress on the Revenue act, the two

councilmembers expressed their concern that the Council consider legislation on the basis of its merits and not on the basis of any feelings such legislation might engender in the Congress. They said that they had no objection to any member of Congress lobbying for or against a matter pending in the Council and further indicated that they indeed expected Congresspeople to make such statements rather than to seek original congressional action on a local matter or try to work their way during review. However, they said that the Council's ultimate responsibility was to its constituents and that they felt that, as the rider was not good legislation, the repeal thereof should not be rejected merely because of the fear that such action might have adverse affects upon other legislation pending before Congress for review. They felt that the vast majority of the Congress would expect them to do what they felt was best for the city.

The councilmembers have asked that a motion to discharge the repeal bill from the Committee on Government Operations be scheduled during the Council's next legislative session, October 7, 1975. Such a

repeal motion would necessitate a majority vote to pass and, if passed, the repeal bill would then be voted upon by the Council.

FOR IMMEDIATE RELEASE September 8, 1975

COUNCILMEMBER JULIUS HOBSON URGES CONGRESSIONAL LEADERS TO OVERRIDE PRESIDENT'S VETO OF THE EDUCATION APPROPRIATION BILL

Councilmember Julius W. Hobson, Chairperson of the Committee on Education, Recreation and Youth Affairs urged leaders of the House of Representatives to override President Ford's veto of the $7.9 billion dollar Education Division and Related Agencies Appropriations Bill.

If the President's veto is sustained, the District of Columbia Public Schools would lose over $6.5 million dollars in federal educational grants. They will be affected by cuts in the areas of Handicapped Education, and Vocational Education, and particularly in emergency school aid. Impact Aid, which provides funding assistance to school districts which serve children of federal employees, would be totally eradicated; the District of Columbia's share would be reduced from the proposed $6 million in H.R. 5901 to the President's figure of zero. Projections received from the Superintendent of Schools indicate that the impact of these reductions would be an estimated 350 positions and the curtailment of necessary services.

In addition to the aforementioned cuts, the impact of the President's veto on higher education grants and library service and construction grants has not been estimated.

The potential loss to the students and other citizens of the District of Columbia would be disastrous.

5 September 1975

MAJORI SSUES

1. ERYA Committee Meeting

The next regularly scheduled meeting of the Committee on Education, Recreation, and Youth Affairs is 18 September 1975. We will be able to discuss several issues: at the minimum, Bills 1-48, 1-50, and 1-51.

2. Status of Bills assigned to ERYA

Bill 1-48 Child Labor Laws
Bill 1-50 Emergency Leave for Temporary Teachers and other TSA Employees
Bill 1-51 Sabbatical Leave for TSA School Officers
Bill 1-53 Voluntary and Free Educational Services
Bill 1-110 Election of the Superintendent of Schools

We have received written comments from the Mayor's Legislative Assistant on Bills 1-48, 1-50, and 1-51.

After reports are written and approved by the Committee at our regular September meeting, we can report out Bills 1-50 and 1-51. The Executive Branch has no substantive objections to Bill 1-51; Bill 1-50 has received specific suggestions for changes from the Executive Branch, however, the Corporation Counsel is still reviewing the bill. We certainly can report out 1-51 at 30 September Legislative Session; we may be able to report out 1-50 at the same time.

Bill 1-48: The ACLU and, possibly, NOW wishes to discuss this bill and offer suggestions for modifications. We received Executive comments late last week. We should be able to report this bill out in October. I will confer with Ed Webb as to whether or not we need to hold public hearings; I think that a well-publicized round table discussion may suffice.

3. Teachers Retirement Fund

I plan to schedule a meeting on this issue later this month. The ladies from D.C. Retired Teachers' Association are out of the city until the middle of September. Matt Watson has not yet completed the report which we requested on July 25 on the status of the fund.

4. Funeral Parlor Issue

Your Bill, 1-168, introduced on July 22, 1975 re the repeal of Sec.7(6)(2) of the Boxing and Wrestling Commission Act can be considered by the Council now (the earliest consideration date was 8-12-75). It is on the agenda of the Government Operations Committee Meeting for consideration on 10 September; they plan to report it out to the Council at the 23 September Legislative Session, coupled with Emergency Legislation to close the loopholes caused by the original bill as soon as possible.

5. FY 1976 Budget

We have not yet analyzed the budgets prepared for the Congressional Committees on Appropriations" hearings. Curiously, "The Council Budget was not available in time for inclusion" in the printed documents that is the only statement about it in the six volume set of prepared materials for the Hill. The overall amount requested is listed as a line item in the front, as opposed to the detailed budget and justifications prepared for other agencies. Bob Williams provided the enclosed chart of positions which theoretically will represent the state of affairs if the budget is approved; however, it is unofficial (as far as I am concerned).

6. Transportation and Environment Committee Meetings

Although not on the Council Schedule, the Transportation and Environment Committee is meeting on Monday 9 September to discuss Air Quality Standards, and on the 16th to discuss the Lorton Landfill. Lou thought you should attend.

7. OYOS

In our FY 1976 Committee Budget reports, we requested several specific reports from Jimmy Jones (OYOS) on his operations with the Neighborhood Planning Councils, Street Academy, State Recreation Grants, etc. They were due 1 September 1975; if we don't get them by the 10th, we should write nasty letters.
